These documents were submitted in connection with MediaTek's Opposition to Freescale's Brief Regarding Admissibility of Certain Exhibits. Sealing in connection with that motion is proper based on Freescale's showing of good cause. Based upon Freescale's

1
2 declaration, and the third party declarations submitted in connection with the motion, the Court
3 finds that the sealing request is narrowly tailored.

4 The documents are therefore **ORDERED SEALED**, as set forth above, for purposes of
5 consideration of the motion in connection with which they were submitted *only*. Should any
6 party wish to seal portions of the documents in connection with any later motion or trial, they will
7 need to make a sufficient showing at that time. All other portions previously filed under seal shall
8 be filed in the public record.

9 The Court notes that it has also granted the Motions to Seal filed by Third Parties Intel
10 Corporation and Panasonic Corporation by separate orders which seal additional portions of two
11 documents above: Exhibit 1 to Declaration of Brett Hammon (Dkt. No. 496-14)

12 The parties shall file in the public record all portions of the documents not ordered sealed,
13 consistent with the Court's Orders, **within 7 days**. See Local Rule 79-5(f)(3).

14 This Order terminates Docket No. 496.
